PROFILE

Graphic Designer with solid commercial experience, covering most creative disciplines from print design, exhibitions, signage, video, web, illustration, sketching and reprographics for litho, flexo, silk screen and digital. Working either as part of a team or on solo projects, I am a confident and an extremely organised individual. My personal contribution beyond the creative process is bringing common sense and a 'can do' attitude.

Always ready for the next challenge, I welcome the opportunity to learn new skills, meet new people and broaden my industry knowledge. Having served in several high calibre design agencies and in-house studios, I am well practiced in handling client needs and managing client expectations.

HOME STUDIO

With the increasing global volatility in the workplace, I have invested in a fully equipped home studio, with the latest Apple iMac, Apple Server, Adobe CC Master Suite, Suitcase, Microsoft Office and an ultra fast 220Mb Fibre Broadband connection.

CONTRACTING

20|20 Design

20-23 Mandela Street | Camden | London | NW1 0DU

On this contract I was asked to illustrate and artwork Mecca Bingo planning booklets for the re-design and placement of interior and exterior signage for 104 UK clubs. The agency was so pleased with the finished range of booklets and planning, they have supplied a reference to any future employer.

AA

Fanum House | Basing View | Basingstoke | Hampshire | RG21 4EU

This company required a Designer/ Art worker that could work at short notice on AA press ads with minimal supervision. This contract was acquired through Agenda Recruitment.

Adare - Purple

Vantage House | 1 Weir Road | London | SW19 8UX

While working for Adare I achieved the winning back of a previous client Laura Ashley. This was achieved by completely ignoring all past effort of the design studio from colour schemes to perceived layout. The final look gained an invigorated confidence from the Laura Ashley M.D and resulted in follow on work within other creative channels. I was also tasked with helping the company produce Fitness First literature and help with studio hardware networking.

Agency One

Sandford Springs Golf Club | The Old Clock House | Kingsclere | Hampshire | RG26 5RT

A very happy studio, sadly now defunct due to the proprietor retiring, I was involved in purely, Point-of-Sale design for the client Navman (Mio).

Austin Marketing

214 Station Road | Addlestone | Surrey | KT15 2PH

Creating line drawings (Illustrations), for Cox glue guns.

BOC Gas

The Priestly Centre | Surrey Research Park | Guildford | GU2 7XY

Production of guidebooks, brochures, safety instruction manual's for this in-house studio.

British Gas

1st Floor | Lakeside House | 30 The Causeway | Staines | TW18 3BY

Art working British Gas press ads from a very complicated external server system. I was given an extended booking, as this client had problems with other designer's being unable to master their way of working.

Canvas Studios

Chalk Wall Barn | Tufton Warren | Whitchurch | Hampshire | RG28 7RH

A more remote location is hard to imagine, but never the less engaging work. I was tasked here to create website Icons for Tui Travel worldwide. In addition due to my MOD clearance being on file, I was asked to work on a Military supplier in Aldershot (Design literature is all I can say on this).
